<sup>1</sup> Terminology related to licensure and certification varies by state and your state may use different terms.

<sup>2</sup> This determination is based on the educational and curricular requirements of each state for licensure (excluding any temporary licensure that may be granted) and does not imply that other requirements for licensure do not exist or have been determined to have been met by this program. Each student should verify their particular situation with their intended state's licensing agency.

<sup>3</sup> If a State does not regulate/license this profession, DePaul's program has been determined to be sufficient for these purposes.
